# Correctional Employees Retirement Plan

The Correctional Employees Retirement Plan is administered by the Minnesota State Retirement System (MSRS). This plan provides retirement, survivor and disability coverage for eligible employees. You can access your benefit information on the MSRS website, your benefit statements or by contacting one of our retirement counselors. You will also receive newsletters and have opportunities to attend educational retirement seminars.

The Correctional Plan is a defined benefit, or traditional pension plan, that rewards longevity to public service. Employees who become vested are eligible for a lifetime retirement benefit when they reach the retirement age for the plan. Employees and the employer contribute a percentage of salary. At retirement, the lifetime benefit is calculated using a formula defined in Minnesota law. This type of benefit is valuable because the retiree cannot outlive retirement savings.

## How Your Retirement Plan Works

As a Correctional Plan member, you contribute 9.6% of salary. The employer contributes 14.4%. Your employer also contributes a supplemental contribution to ensure the Correctional Plan is sustainable into the future.

You are eligible for monthly benefits, or what we call vested, after five years of service. Correctional Plan members have a graded vesting schedule. The percentage of vesting is 50 percent at year 5 and gradually increases to 100 percent at year 10, at which time you are fully vested. Vested members are eligible to collect a full retirement benefit at age 55 or older. Most employees can begin collecting a reduced monthly benefit at age 50 or later.

Your retirement benefit can add up to a substantial amount of money. After you retire, you may receive post-retirement increases over your lifetime. Survivor benefits are also eligible for increases.

**When you are considering leaving state service, either at retirement or going to another employer, contact MSRS to discuss your options.**

## Combined Service

Many employees have worked for a Minnesota city, county or school district. If you were covered by another Minnesota public retirement plan, this may combine with your Correctional Plan service. We call this a Combined Service Annuity (CSA).

## Combined Service Between Plans with Different Retirement Ages

Combined Service works well with pension plans that have similar benefit and retirement age requirements, but not quite as well if you have plans with different retirement age requirements. The Correctional Plan allows full retirement at age 55, while the age of full retirement for most public employees is age 66 or the Rule of 90. The early retirement provisions of each plan apply to the service attributable to the plan.

For example, if you have service with the MSRS Correctional Plan and the General Retirement Plan, you are retiring under retirement plans that have very different benefit structures.

When calculating the benefit under Combined Service, the benefit from the General Plan will be subject to an early retirement penalty unless you qualify for the Rule of 90, while the benefit from the Correctional Plan will not be reduced.

## Reinstating Service With Another Public Retirement Plan

Many state employees who had service with another Minnesota public retirement plan forfeited that other service by taking a refund of contributions. If you are currently working for a Minnesota public employer, you may be able to reinstate this time by repaying the refund to the other public retirement plan. By repaying the refund, your service is reinstated and the other fund will use that service to calculate their benefit. To repay a refund, contact the plan from which you received the refund.

# Calculating Your Retirement Benefit

Calculating your retirement benefit is a simple formula defined in Minnesota law. The calculation is more specific to your circumstances if you choose to retire early or provide survivor coverage after retirement. Let's walk through the base calculation.

## 1 | Allowable Service Credit

Service credit, or allowable service, is the credit you earn each month retirement deductions are withheld from your salary. We use the amount of service credit you have in a formula to determine your retirement benefit.

One of the advantages of your continued employment is to increase the value of your retirement benefit for each additional year and month of service. The more service you have and the higher your annual pay, the higher your monthly retirement benefit.

A number of factors may impact your length of service, such as part-time employment, a leave of absence, or working for another governmental unit.

## 2 | Benefit Multiplier

The next component used to calculate your monthly retirement benefit is the benefit multiplier. Correctional Plan members receive 2.2% per year of service. We take your years and months of service and convert these to a percentage through a retirement formula.

## 3 | High-Five Salary

The third part of the calculation used to determine your retirement benefit is your high five years of gross salary. For most employees, the high-five salary is the last five years of employment. This is not always the case for everyone. For example, you may decide to work fewer hours when you get closer to retirement, or maybe you had several years where you earned overtime, which will generate a higher average monthly salary.

### Sample Calculation

$25 \text{ years} \times 2.2\% = 55\%$

$$\begin{array}{r} \$60,000 \\ \times 55\% \\ \hline \$33,000 \text{ per year} \div 12 = \end{array}$$

**\$2,750 per month  
retirement benefit**

This example provides an estimate of a retirement benefit paid after a 25-year career in the plan. Assumptions are made for illustrative purposes only.

## Plan Benefits

### Beneficiary and Survivor Options

The Correctional Plan provides automatic survivor benefits for your spouse and dependent children upon your death. If you have no spouse, dependent children or are not vested at the time, a lump sum payment of your contributions to the plan plus interest will be paid as defined in law. You may name a beneficiary if you prefer that a specific individual, institution or trust receives the money. To learn more about beneficiary and survivor options:

Contact MSRS:

1.800.657.5757 or 651.296.2761

### Disability Benefits are Available

As a member of the Correctional Plan, you have disability protection. This is important protection since it will pay you disability benefits for your lifetime, or until you are no longer disabled. The Correctional Plan offers two types of disability benefits which are duty disability and regular disability.

Minnesota law defines a disability as a physical or psychological condition lasting at least one year that prevents a participant from performing normal job duties. Your age at the time of your disability is not a factor. You must apply for this benefit within 18 months of terminating employment. Contact MSRS for more information about the disability application process.

## DIVORCE & YOUR RETIREMENT BENEFIT

Contact MSRS for information on how divorce may affect your retirement benefit. We can provide sample language for use in a divorce decree.

# Retirement Timetable

It's important to map out a retirement planning strategy well in advance of your retirement date, but it's never too late to start planning or saving. MSRS retirement counselors are available to assist you along the way.

## Throughout Your Career

- Enroll and take advantage of the Minnesota Deferred Compensation Plan (MNDCP). You will receive a yearly match from your employer. The match is a bargained benefit.
- Establish savings goals that will generate the income you want to have when you retire.
- Evaluate your personal finances periodically as they relate to meeting your financial needs at retirement.
- Research purchasing eligible service credit as soon as possible. This includes any active military service or time worked in other covered retirement plans.
- Stay informed! Review plan information online or contact MSRS with questions about your retirement benefits.

## Mid-Career

- Review your savings goals to determine if you're still on track.
- If you're not enrolled in MNDCP, contact MSRS to enroll and determine your investment allocation to make sure you carry the right amount of risk.
- If you are age 50 or older, consider maximizing your MNDCP contribution amount. The IRS permits you to contribute more than the standard contribution amount.
- Continue to pursue prior service credit purchases.

## 3-5 Years From Retirement

- Attend a free MSRS pre-retirement seminar. More information about seminars is available at [www.msrs.state.mn.us](http://www.msrs.state.mn.us)
- Determine MNDCP Catch-Up eligibility. The Catch-Up Provision allows you to contribute up to double the standard maximum contribution limit for three consecutive calendar year prior to reaching your normal retirement age. Contact MSRS to find out if you are eligible.
- Prepare a retirement budget. Compare your budget against your MSRS pension benefit, Social Security, MNDCP and any other retirement income to see if you may need to save more.

### IMPORTANT!

Review your MSRS benefit statement and contact MSRS if you find any discrepancies.

## About MSRS

The Legislature established the Minnesota State Retirement System (MSRS) in 1929 to provide retirement benefits for state employees.

MSRS administers multiple retirement plans that provide retirement, survivor and disability benefit coverage for Minnesota state employees, the Metropolitan Council, and many non-faculty employees at the University of Minnesota and the Minnesota State university system.

This overview is a general summary of the benefit provisions of the retirement plan. The benefits described apply to active members of the plan at the date this overview was issued. Unless otherwise stated, if there is any difference between the information this overview and the law or policies that govern MSRS, the law and policies will prevail. Plan provisions may be subject to law changes.

## Other MSRS Plans

The Minnesota Deferred Compensation Plan (MNDCP) is a voluntary savings plan intended for long-term investing for retirement. MNDCP offers planning tools and investment options to supplement your retirement income from your pension plan and Social Security benefits.

The Health Care Savings Plan (HCSP) is an employer-sponsored program that allows employees to save money tax-free to use after they terminate employment to reimburse eligible health care expenses.

Employees can choose among investment options offered by the plan. Assets in the account accumulate tax-free and because they are used to reimburse eligible health care expenses, they remain tax-free.
