Incoming Direct Rollover *Guide*

General Information

Employees who are eligible to contribute to MNDCP may directly rollover eligible pre-tax money or Roth after-tax money* into the Plan. Incoming rollover monies do not count towards the annual contribution limits.

You may rollover proceeds from these eligible plans:

- Prior Employer Sponsored Plans (401(k), 403(b), 401(a), 457(b), TSP)
- Traditional IRA, Simple IRA (not participated in Plan for two years)

Keep in mind: Rollover proceeds from these eligible plans may still be subject to the 10 percent federal tax penalty.

Not eligible for rollover: Roth IRA, Coverdell Education Savings Accounts

* If your employer has not adopted the MNDCP Roth 457, you may not rollover Roth after-tax money into the Plan.

A direct rollover is not a taxable event, although a 1099 form will normally be issued by the previous plan provider to be filed with your tax forms.

If the *Incoming Direct Rollover* form is in good order, the rollover is deposited on the business day of receipt. The timeline for receipt of incoming rollover monies varies from provider to provider.

Generally, the previous plan provider will only speak with you regarding the status of a pending rollover. You are responsible for follow-up with the previous plan provider.

ROTH Tax Distribution Statement Requirement

If you are rolling over designated Roth amounts from a 403(b), 401(k) or governmental 457(b) plan, you must provide a statement from your previous plan provider detailing your Roth account cost basis and the designated Roth account start date (to track the required 5 year holding period). Otherwise, we will use the year your initial designated Roth contribution was made to your MNDCP account and assume cost basis as zero. This may adversely effect the tax consequences of any future distribution from your designated Roth account.

Investment Election Acknowledgement

I understand that if I fail to complete the Investment Option Selection section, MSRS will allocate any rollover proceeds to the default investment option selected by the Plan. I understand that the Plan has established the default investment option as the Target Retirement Fund that uses my date of birth and the assumption that I will retire at age 65 to determine my appropriate Target Retirement Fund.

I certify that I have made all decisions pertaining to the investment options of my own free will. Representatives of MSRS, the Plan's Third Party Administrator, Empower™, or the MSRS Board made no efforts to influence my decisions.

I agree to hold harmless the State of Minnesota, the Plan and MSRS Board from and against any and all liability for my selection of investment options in the Plan and performance of the investment options in the Plan. The provisions of this paragraph shall remain in full force and effect notwithstanding the closure of my account in the Plan.

Teletypewriter users and telecommunications-device-for-the-deaf (TDD) users should call the Minnesota Relay Service at 1.800.627.3529 and ask to be connected to MSRS at 651.296.2761.

I understand and acknowledge that account values may not be guaranteed and may fluctuate. Upon redemption, shares may be worth more or less than their original cost. I understand that the funds may impose redemption fees or charges if assets are held less than the period stated in the fund's prospectus or other disclosure documents.

Account Acknowledgement

I understand that it is my obligation to review all confirmations and quarterly statements for discrepancies or errors. Corrections will be made only for errors which I communicate to MSRS within 60 calendar days of the last calendar quarter end. After 60 days, account information shall be deemed accurate and acceptable to me. If I notify MSRS of an error after this 60 day period, the correction will only be processed from the date of notification forward and not on a retroactive basis.

I understand that MSRS is required to comply with the regulations and requirements of the Office of Foreign Assets Control, Department of Treasury (OFAC). As a result, MSRS cannot conduct business with persons in a blocked country or any person designated by OFAC as a specially designated national or blocked person.
