Form W-4MNP, Minnesota Withholding Certificate for Retirement Account, Pension, or Commercial Annuity Payments

Complete this form to request the percentage or amount of Minnesota income tax to be withheld from your taxable payments or distributions.

What's new?

On May 24, 2023, legislation was enacted to allow recipients of retirement, IRA, pension, or commercial annuity payments to request Minnesota income tax withholding at any rate or amount they choose, including none. This simplified method does not require you to calculate allowances. If you already have a Form W-4MNP on file with your plan administrator, you do not need to complete this form unless you choose to do so.

When should I complete Form W-4MNP?

Complete Form W-4MNP if you are a Minnesota resident and receive taxable payments or distributions from any of these:

- Employer deferred compensation plan (such as a 401(k))
- Pension plan
- Individual retirement plan
- Traditional IRA
- Commercial annuity

This form is not required for certain nontaxable distributions, including designated Roth account distributions, qualified Roth IRA distributions, or Qualified Charitable Distributions (QCDs).

For taxable periodic payments, complete Form W-4MNP when you begin receiving payments from a retirement account, traditional IRA, annuity, or pension, or if your personal or financial situation changes. Use this form to specify a dollar amount or percentage to be withheld or to elect to have no Minnesota income tax withheld from these payments. If you were already having Minnesota income tax withheld from payments you received prior to May 24, 2023, you do not need to complete a Form W-4MNP unless you want to adjust your Minnesota income tax withholding.

For taxable nonperiodic distributions, you must complete Form W-4MNP to set the withholding amount or percentage for your distribution or elect not to withhold on the distribution. You may complete a new form or elect out of withholding each time you request a nonperiodic distribution.

Generally, if you submit a federal Form W-4P or W-4R for federal income tax withholding, you should complete a new Form W-4MNP.

If you previously completed Form W-4MNP for the same institution, you may use the election from the previous Form W-4MNP by confirming the election with the institution. In this case, you would not need to complete a new Form W-4MNP.

For this Form W-4MNP to be valid, you must enter your Social Security Number and sign the form. If this form is invalid or incomplete, the payer will withhold Minnesota income taxes equal to 6.25% of any taxable payment or distribution.

What are periodic payments and nonperiodic distributions?

Periodic payments are made in installments at regular intervals (such as quarterly, monthly, or annually) over a period of more than one year.

Nonperiodic distributions are payments not made at regular intervals, including on-demand IRA distributions.

What if I receive multiple nonperiodic distributions?

This form is specific to the account or contract you identified above. If you have more than one account or contract with the financial institution or payer to which you are providing this form, complete a separate Form W-4MNP for distributions or payments from each account or contract.

What if I have completed federal Form W-4P or Form W-4R?

You will still need to complete Form W-4MNP to specify your Minnesota income tax withholding, if you have not already done so. If you do not complete Form W-4MNP and provide it to the payer, the payer will withhold Minnesota income taxes equal to 6.25% of your payments or distributions.

What if I choose to not have Minnesota income tax withheld?

Check the "No withholding" box and sign Form W-4MNP to validate it. Consider making estimated tax payments to avoid possible penalties and interest when you file your Minnesota income tax return. If you do not check the "No withholding" box, the payer will withhold Minnesota income taxes equal to 6.25% of any taxable payment or distribution.
